Prez Sez:

The September meeting will be full and fun packed. We will have Jim Cox demonstrating how to properly cut spindles and discuss problems that arise when cutting spindles. After we will be presenting an award for the "Best of Show" at the green wood challenge. (Black Walnut) 32 pieces of very wet wood were sold to members 2 months ago and we will be excited to see what the end products look like. Remember, the main rule is not to dry your piece at all. We want to see what the end result of what twisting and natural drying wood can look like.

Shorty's Retreat came and went with memories and full bellies. The day was great, the food was great and John Fisher did a great job showing us how to use CA Glue for a finish and how to turn kit pens successfully. I learned a lot and I hope you did also. Thanks again Shorty, you and Perry did great.

October 15th is elections for the 2012 Officers and Advisors. We have some names and need several more. Your club can not operate well with out leadership. We need your participation. Please volunteer for all the needed positions.

Thanks Jim
