## The Prez Sez...

Hello turners

May is here and the weather is great, the grass is growing and needs cutting.

For Our May meeting Duane Hill will show us how to make 3 point tool. This will be a good demo.

For the June meeting we will be traveling to the Stevenson's for a demo by John Farley. He will be showing how he makes a very interesting bowl. Don't miss this one, we will be having lunch there. More on that later.

July we will be at A-Line, John Fisher will have a discussion about super Glue.

Get out and enjoy the weather. See you at the meeting.

See you Phil

### Tools For Sale by Pam Reilly, a former Club Member

As you may already know, I am leaving woodturning and selling off the contents of my shop (non-health related). I realize that many of you don't know me and some of you might not remember me, and thought I should (re)introduce myself. My name is Pam Reilly and I live in Elgin, MN. I spent many happy years as a member of CRW - two of which I co-chaired as Program Director and another two I was Treasurer. I demoed my box-making techniques and delved into how I make hollow forms with a mosaic motif. Those of you who do know me, know that I am pretty meticulous about my work and about my equipment. Everything has been housed in either a dry basement shop or a heated garage shop and all is rust-free, very well maintained and in excellent working condition. As you go through the list below, keep in mind that I can provide pictures and additional information as needed.

I will be at the May meeting in the hopes of benefitting all of us. I have an abundance of wood that needs to go and will be bringing as much as I can to the meeting to sell. I will be splitting the proceeds of wood sales with the club 50/50. You can get some great wood, help me clear out my shop and help the club fatten its wallet. (Cash is preferred) A general list of wood is at the bottom of the tool list.

I will also bring any tools that are still available. If anyone is interested in bigger equipment (disc sander or dust collector) I can deliver them to you at the meeting by prior arrangement.

If you have any questions or need additional information feel free to email me at [reilypam@me.com](mailto:reilypam@me.com) or call (507) 871-3026.

## Congratulations to John Griffiths!

John is our past treasurer, and you will remember his many pleas to get your membership dues in on time. Missing his time on the board apparently, John has agreed to take over as our Program Director. John writes:

As the new program director, I am looking for members who would like to demonstrate in 2016. It is not rocket science, just be willing to tell the membership about a particular item method or tool you make. The membership enjoys hearing from other members. So if you would like to give it a shot, feel free to contact me at 608-248-2782 or at [griff@mwt.net](mailto:griff@mwt.net).

I have heard from a couple of members about a couple of semi pros who may be able to demonstrate later this year, and we have several of our members lined up already, so hope to have a full schedule for the remainder of 2015 ready soon.

**"A Turn For the Better"**

**Next Meeting  
Saturday,  
May 16 2015 at 9 am.**

Here's a map to help those who aren't sure where we meet. It's the Onalaska Community Center 515 Quincy St Onalaska, WI. 54650 608-783-9290

We'll start the program promptly at 9am, so get there early to avoid getting a Uecker Seat.

We'll have coffee, so  
Chocolate donuts are  
**ALWAYS**  
Welcomed.
