Volume 15, Issue 6

Last month, Duane Hill showed how to make a three-point tool from a high-speed steel tool blank, and how to use it to form beads and other embellishments.

The June meeting will be a road trip to the Stevenson's in Richland Center. There is a \$10 fee you can pay at the door, but please sign up in advance with Phil or Gary so we have a good count for food. See "prez sez" for details.

CRW Event

Norskedalen Art Fair and Wine Tasting Sunday July 5th Norskedalen Heritage Site 10:00 A. M. to 4:00 PM.

Please mark your calendars for this CRW event. More hands make for less work for any one person. Please volunteer to help demonstrate, sell, or for set up and take down. Last year we had a wonderful turnout, and a very successful sale. Bring your tools, wood, and if you have items for sale, bring those too (please price them in advance). You might want to bring a lawn chair as well. The lathes will be there. Driving directions are on the Norskedalen web site: www.norskedalen.org

If you are unable to attend, but have pieces that you would like to sell, please call me John Phillips, at 608-486-1181. We can arrange to get your items in the sale.
