From a Knot in The Board...

What wonderful weather we have been having. It is time to smell the flowers and fresh turned wood. Remember the challenges we have going on. This month (May) we are looking for candle sticks (extra points if it is twisted) and June is make a plate for the president's coffee cup.

The demos at Aline have produced several new lathes being sold and new members to the club. Make sure you introduce yourself and make the new members feel welcome. I have Osteoarthritis in my hip and am limited in my movement and ability to stand. Your help will especially be needed in the meeting setups for the next few months. The insurance company is holding up the process of renewal and praying we get that figured out soon.

Thank you to Duane for the continuation of his presentation of hollow vessels part 2. We had another great informative meeting. This month Jim Frank will be showing us a presentation on deep vessel hollowing. The Board of directors has decided to accept Clyde Cassel's invitation to host our August meeting. Clyde requested that we get a port-a-potty for the day. It will be interesting to see an Amish version in August. This will be our only meeting away from the Onalaska Community Center. The Board also decided to visit Stevenson's in 2018.

AAW is having a promotion till the end of June. They are offering you a 1 year membership for half off. For \$30 - a new member can have all the benefits of membership including the AAW magazine free literature and discounts. Please give the AAW a try.

We have our latest monthly presentations on DVDs. They are in the library if you would like to check them out.
